

Albyco 500EU Square

The first table top bookletmaker for SquareBack books

Highlights:

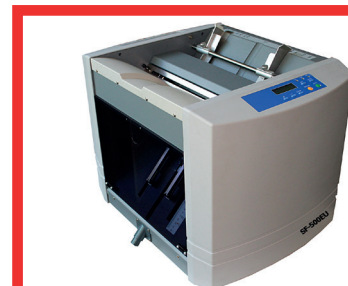

The Albyco 500EU Square will fold, staple and square press in a single pass. A booklet from printed sheets will take only 12 second approx. from feeding to a perfect finish. The integrated press will form a perfect SquareBack with high quality stapled booklet.

Technical Features:

- Dual staple heads with 4 positions possible for a wide variety of booklets
- One-pass operation for Fold, Staple and SquarePress
- User friendly LCD operating display for easy setup
